A Surprise Party.  
A very pleasant surprise party was tendered Mr. Henry C. Remke, of the firm of Hyndman & Remke, the South Side grocer, in honor of his twenty-fifth birthday. Refreshments were served and a good time spent by all present. The Aurora mandolin and guitar quartette rendered some selections.

Gas at the Crematory.  
A meeting of the city health board has been called for Monday evening next to consider the matter of free natural gas at the city crematory. The legal phase of the question will then be argued by the attorneys and the company's formal proposition, presented at the last meeting, will be opened and examined.

A Model Grocery.  
Yesterday the finishing touches were put on the large store building of H. F. Behrens, 2217 South Market street, and it can now be said that he has a model grocery in every respect. A full line of groceries from all parts of the world is there found, and it is no wonder you can find housewives from all over the city and vicinity making purchases there. Since 1870 the Behrens motto has been "Cheap and Good," and always at the same stand.

The Confederate Home.  
There is an earnest effort about to be made throughout the state looking to the care of old, poor and disabled Confederate soldiers, many of whom are in needy circumstances, some of whom have gone to the poor house. There will be a meeting held in the southwest corner room of the Reilly block, (second story) on next Monday evening at 7:30. All persons who have any sympathy with the cause are earnestly and cordially invited to attend this meeting.

Squire Gillespie's Court.  
Last evening ex-Policeman William Carney made information in Squire Gillespie's court against D. J. Lewis, a huckster, accusing him of selling potatoes without using a sealed measure, and of giving short measure. Lewis was arraigned and gave bond, and his trial was set for 7 o'clock this evening.  
Henry Zercher was given a hearing on the charge of stealing \$9 from Hattie Underwood, and was found not guilty.

Ball and Cake Walk.  
Last night the Oleander club, composed of distinguished colored gentlemen, gave a grand ball and cake walk in the Beethoven hall. The feature of the evening was the contest between members of the "South Before the War" and Wheeling persons of the same race. The fun was at times hilarious, but always good humored. At least no casualties had occurred up to a late hour this morning.

The contestants were Wheeling's redoubtable Arch Johnson and Miss Lizzy Fletcher, against Mr. Murray and Miss Kate Carter, of the visiting company. Charles Pinky, as master of ceremonies, was all right. Messrs. John Matthews, Jerry Crawford, Joe Lee, Pat Joyce and William Brown were judges, and they awarded the cake to the Wheeling couple, much to the satisfaction of the crowd. And the dance went on.

## A SUMMER'S OUTING

By Wheeling People Was Pleasantly Recalled Last Evening.

Last summer Mr. C. E. Van Keuren took a party of Wheeling people to Alpena, Michigan, where they made their headquarters during two weeks of fishing on Long Lake near the larger Lake Huron. They greatly enjoyed the outing and had great luck piscatorially speaking. Last evening those who made up the party were entertained at supper by Mr. and Mrs. Van Keuren. A very enjoyable evening was spent and the experiences of the party were vividly recalled by a series of Kodak photographs taken by one of the tourists. The main feature of the supper was muscalonge fish, of which Mr. Van Keuren received a number from a friend who caught them in Lake Chautauque. The following were present: Rev. Dr. Bickley, Mr. and Mrs. Lou Stone, Mr. and Mrs. Tom Stone, Mr. Will Stone, Mr. Harry Fogel, Mrs. W. T. Burt, Miss Laura Burt, Miss Rida Dean, Miss Jessie Dean, Miss Minnie Magee, Mr. Clarence Laird, Mr. and Mrs. Will McKelvey, Mrs. Mattie Burt, Master Charles Van Keuren and Mr. and Mrs. C. E. Van Keuren.

"The White Slave" Tonight.  
At the Opera House this evening Bartley Campbell's famous melodrama, "The White Slave," will be the attraction. It seems to be one of his purest. It is a strong play, and is said to be put on by as fine a company as ever rendered it. It is under the personal supervision of Mr. Campbell's sons, and is staged as elaborately as ever. It should have a large and appreciative audience.

A Child Enjoys.  
The pleasant flavor, gentle action and soothing effects of Syrup of Figs, when in need of a laxative, and if the father or mother be constipated or bilious, the most gratifying result follow its use, so that it is the best family remedy known, and every family should have a bottle on hand.

## PECULIAR WEATHER.

The Dry Season Seems to Continue Longer than Wont.

## SUMMER HEAT PREVAILED ALL DAY

Yesterday, and the Day Opened with a Typical London Fog—The Effect is Really Becoming Serious, but Signs of Relief are Visible, though the Relief is not—Has the Climate Changed?

This weather is certainly a puzzler. It is Indian summer the Indian who is responsible for it surely understands his business. It would do credit to any old summer. The weather bureau keeps on predicting rain and cold waves and things like that, and the weather goes on trying to persuade the population that the climate has changed, and instead of the four seasons there are two, wet and dry, and that this is the dry one's inning and it is still at bat.

Overcoats have been discarded, the street car companies have restored their open cars to service, fires have been put out, and yesterday a straw hat was seen on the street. It was among a number of unidentified objects in the Market street debris, though, and perhaps should not count as an evidence that summer is still here, any more than should the barrel staves and shoes and other rubbish that encumbers that thoroughfare.

There is moreover an unmistakable odor of the sweet summer time long ago wafted up from Wheeling creek. The water gets dryer every day and the dirt drier, and the bed of the creek through the city limits has become little more than a trail of slime and a source of stench. There was a feeling of rain in the air yesterday, but even that was dry. The sky had what somebody described as an I-want-to-weep appearance, but it could not get up a shower. Railroads and oil operators are embarrassed and put to great cost, the ground is so parched that fall plowing is impossible, and everywhere, in town and country alike, the need of rain is felt as it has not been for years.

A peculiar feature of the peculiar weather was a heavy fog in the early morning. It was so dense for several hours after daylight that it was hard to distinguish objects at a distance of a hundred yards. The city hall clock was not visible from Market street.

In the middle of the day and throughout the afternoon the heat was almost oppressive. At 5 p. m. the thermometer at Schnepf's drug store registered about 70. The promise of rain at dark was not any more encouraging than at noon, except that the government weather service signal was for local rains.

## THE PENITENTIARY BOARD

Lets a Contract for Convict Labor and Fires Two Guards.

The board of directors of the penitentiary ended a two days' session yesterday at Moundsville. A large amount of business was transacted, the most important being the letting of a contract for the convict labor. Two bids were received. The United States Whip Company bid for 140 hands at 42 cents and Charles Rosser, of Bellaire, for 50 hands at 44 cents. The former bid was accepted, and a contract made for five years. This company has heretofore been working 240 convicts, but has now cut down its force by 100 men. The Joseph Klee Company now works 103 convicts and the unemployed number 130. The bid of Mr. Rosser was for the broom shop alone, and a contract would have been made with him had he agreed to take a full shop, 80 men.

Two Marshall county guards were relieved of their positions to give places for the appointments of a new guard from Monroe and one from Summers, who were appointed. The guards relieved were Gocke and Shimp.

## To the City Gas Consumers.

The undersigned beg to inform the public of the real reason why the city gas is so much tainted with sulphur. The sulphur has been in the gas for more than two weeks—fully a week before any of the new force had anything to do with its manufacture. The trouble is that the sponge now being used for purifying is about worn out and needs renewing—either this must be done or go back to the use of lime. The latter had been used as a purifier up to two years ago. Either of the remedies would necessitate an outlay of more than \$500, and the trustees do not wish to incur this expense now, in view of the near completion of the new process, which Mr. Harvey expects to put in operation within ten days or two weeks. If this new process is a success there will be no use for purifying boxes at all. In the meantime the trustees, who are acting in the public interests, ask the indulgence of the consumers of gas.

THE HUB CLOTHIERS AND FURNISHERS.

## FACTS KILL FALLACIES.

We know you must get puzzled. Any man who reads advertisements—and stops at that—can't help wondering. Follow them up—ours and everybody's. We tell about Readymade Garments equaling custom tailoring—surpassing the cheap tailored kind. We know they do—on any expert's judgment they will—or we would not say so—but we want you to know it by investigation—comparison. 'Twas almost a necessity to have your clothes made to order—'tisn't now—and more men are ready to own up to it this season than ever. We didn't sell as many Suits and Overcoats all last fall and winter as we have up to the present time. There's a pointer in that for you men who have not tried our Clothes yet. There's no assortment like ours in the city. Two or three clothiers—nor all the tailors—cannot muster such a variety—and we handle only reliable fabrics—made by the best tailors—that is what we want you to look up. Everybody says they have got Kerseys, Melton, Beavers, Worsteds, Tweeds, Homespun—but the kinds, the colors, the patterns make differences, too. You will see it at a glance—put them beside anybody's. We start in at \$7.50 with qualities other folks ask \$10—our \$10 is their \$13—our \$12 is their \$15—our \$15 their \$20 and a tailor's \$25. Doing our best for you, and by you. Guaranteeing satisfaction or your money back.

## OUR BOYS' DEPARTMENT.

Seems to be more popular than ever this season judging from the crowds which have daily thronged it. Praise, compliments and commendation—that's been our portion from scores of parents while buying their boys' clothing during the past few weeks. Seeing is believing, and if you'll look through the grand assortment of Boys' and Little Boys' Clothing which we have prepared this season we know you will be pleased. If you buy we know you will save money. Our buyer, who has been in the Eastern market the past week, has been replenishing our line of Children's Reefer Suits, Reefer Coats and Children's Overcoats. Every taste and every pocketbook can be suited.
